

The Intelligencer.

It is now understood that the Bureau of the Intelligencer, in regard to the cost of the present Bourbon Constitution of West Virginia, the compositor made it \$3,000.00 instead of \$300.00. The correct figures are large enough, inasmuch as Judge Ferguson (Democrat) says that the result of this enormous expenditure was the worst Constitution in the Union.

WORDS FROM WASHINGTON.

International Sanitary Conference—Mail Matters—The Utes.

WASHINGTON, D. C., October 4.—An invitation has been received by the United States Government to send a representative to the International Sanitary Conference in London, August, 1881.

There were in the service of the Postoffice Department the 30th of June, 1880, 5,862 contractors for transportation of mails on public routes. There were also 1,857 special offices, each with mail carrier, whose pay from the department was \$1,747,981, adding the compensation of the railroad postoffice clerks, route agents, mail route messengers, local agents, &c., amounting to \$3,548,278. The aggregate cost of the entire service for the fiscal year ended June 30, 1880, was \$22,775,262.

The service was divided as follows: Mail routes—\$5,330 million in length; annual transportation, \$6,497,463 miles; annual cost, \$10,639,271, of which amount \$1,257,216 was for railroad postoffice car service; annual routes—23,330 miles long; annual cost, \$887,221.

Other routes on which mails are required to be conveyed with celerity, certainty and security—235,248 miles in length; annual transportation, 78,070,996 miles; annual cost, \$7,321,499.

During the year the railroad routes were increased in length 5,329 miles, and in cost \$701,881.

The steamboat routes were increased 2,000 miles in length, and in cost \$132,833. The star routes were increased in length 19,768 miles, and in cost \$919,609.

There was an increase over the preceding year in total length of routes of 27,177 miles, and an increase in the cost of \$2,941,833. The increase in the cost for Railroad Postoffice clerks, route agents, &c., amounted to \$250,214, making a total increase in the cost of the service over the preceding year of \$22,833,97.

Mr. Russell, member of the Ute Commission, arrived in this city with ratification papers signed by 577 Ute Indians for the amount due the Utes, \$75,000.

Arrangements have been made for the payment of the Ute claims. Mr. Russell expressed the opinion that the work of selecting new lands, surveying them and making allotments in severalty, is work which must necessarily be accomplished at a very early date.

PAACE

Declared in the Hocking Valley—A Decided Victory for the Union Miners—The Militia Ordered Home.

COLUMBUS, O., October 4.—Orders were issued to-day to the Atherton Guards at Corning to break camp and return to their home at Hebron. This step was taken because the Central Mining Company has abandoned its sliding scale for paying the miners half the selling price for coal, and agrees instead to pay them eighty cents, the prevailing price in the Hocking Valley. The miners, it is stated, will be retained. The result is a decided victory for the Union miners, who refused the new order of things provided for in the celebrated sliding scale. During the struggle four companies of troops in the valley were ordered to keep the peace, two lives were lost, and a considerable number of white men were wounded by the militia, the number being variously reported all the way from eleven to twice that number.

ART IN CINCINNATI.

Raising the Fund to Secure the Gift of \$150,000.

CINCINNATI, October 2.—The meeting of the committee to-day appointed to raise the \$150,000 necessary to secure the gift of C. W. West for the establishment of an art museum showed gratifying success. L. B. Harrison subscribed \$3,000, and the following gave \$1,000 each: John L. Stedman, Thos. Emery & Sons, Rufus King, Robert W. Burnett, and Franklin Bank. Other subscribers were reported ranging from \$25 to \$500, all aggregating \$30,000.

It is understood that the entire proceeds of the Exposition on the closing day, next Saturday, will be given to this fund, and thus it is expected that President Ingalls, who is the champion of the Exposition, will be able to give the full response of the citizens, securing the long-desired museum.

General Grant.

WASHINGTON, October 4.—General F. E. Beale, formerly "Minister to Austria," has returned to this city from his summer recreation. It is at his house that General Grant will be entertained during his stay here this winter, although the General is not expected to arrive until the latter part of the month. In a recent letter to his host he stated that after the Indianapolis reunion of the "Boys in Blue" he would go to New York and thence to Boston, to the conclusion of his visit North.

General Grant has written to Mr. Henderson, of Doylestown, Pa., that he will visit that borough shortly. General Grant's maternal grandfather was a native of Bucks county, Pa. That is where the Simpson in his name comes from.

Indicted by U. S. Court.

WASHINGTON, October 4.—The Commissioner of Internal Revenue received the following from Atlanta, Ga.: "The United States Grand Jury found true bills against the citizens of Georgia for obstructing attacks on revenue officers in the Second district, while discharging lawful duties. Twenty of these outlaws belonged to the gang that burned deputy collector Stuart's property and fired upon his family."

Medical College at Memphis.

MEMPHIS, October 3.—The Memphis Medical College was formally opened to-day. Dr. Julius Wise, in delivering the public inaugural address, claimed that the diseases most prominent here do not receive proper attention at Northern colleges. Twenty-five students are already in attendance.

Feeding Starving Hounds.

BISMARCK, D. T., October 4.—The Indian bureau has arranged with the War department to feed, during the winter, the 4,000 Sioux in India who have suffered from the famine. The supplies will be forwarded from here to Fort Keogh, near where they are camped.

TELEGRAPHIC TIPS.

The big Edith, from Boston, has arrived at Hampton roads with all sick on board. The cornerstone of the Egyptian obelisk will be laid in Central Park, New York, next Saturday. A branch of the Irish Land League has been organized at Buffalo, with Rev. Cronin, President.

CONNECTICUT ELECTIONS.

Large Republican Gains in All Towns—Heard from—An Indication of the Result in November.

HARTFORD, CONN., October 4.—The town election occurred to-day. This city elects a Republican ticket by 400 majority. The town clerk only has 46 votes. Of the 78 towns so far heard from 46 are Republican, 24 Democratic and 8 equally divided. Of these towns the Republicans gain 11 and the Democrats 4. The 6 towns now equally divided were Democratic in 1876.

A constitutional amendment, giving the appointment of Judges of the Superior and Supreme Courts to the Governor, subject to the approval of the Legislature, is carried by a large majority. Heretofore the Judges have been elected or selected by party caucus and in Legislature.

SOUTH NORWALK, CONN., October 4.—Edwin Adams, Republican, was elected mayor, also a full board of Republican councilmen by 106 majority. The city went Democratic last year by 48 majority.

NEWBRIDGE, October 4.—The town meeting resulted in the election of the Republican ticket by 400 majority, and a majority for the Constitutional Amendment.

WEAVER'S DEFENSE.

His Campaign Funds and Where They Came From.

FORT WAYNE, October 4.—In reply to the assertion of Dyer D. Lum, Assistant Secretary of the Greenback Labor party, that he was receiving money from the Republican party, General J. B. Weaver says: "This statement is base, treacherous and false in all its essential features. The following is the truthful statement of the money received by me from all sources since my nomination for President: Ohio, \$2,000; New York, \$1,000; Albany, N. Y., \$500; Hon. Peter Cooper, \$45; various small contributions at various points, \$500; Hon. B. J. Chambers, through Mr. Mason, \$300. Immediately after my nomination I received \$100,000 from Mr. X., advanced out of his own funds, at my request, \$400, since which time he has sent me small sums from time to time, in all \$400 more, making a total from Mr. Jones of \$300,000. The total from all sources is \$1,650. Out of this I have paid the expenses of my long and laborious campaign and have contributed to others as follows: To Greenback Central Committee of Arkansas, \$100; expenses of New York meeting, \$50; S. H. Randall and other Greenbackers, \$70; in all, \$570, leaving me but \$1,120 to defray my personal expenses and those of my little son, who I have been obliged to support. This leaves about \$100 of defraying my actual expenses, and I know personally that the Executive Committee is in arrears several hundred dollars for documents sent out to the people. I am not a man who will make money so that my friends and the public may know exactly what sum I have received and just where it came from. I further state that I do not know, nor have I ever asked where the gentlemen obtained the money they have contributed to me. I do not know, however, and most positively assert, that I have never requested either directly or indirectly, personally or through an agent, contributor or friend, nor have I the promise or hope of receiving any money from such source."

Democratic Opinion About English.

INDIANAPOLIS, October 2.—General W. H. Stocum, of New York, who is making twenty-five campaign speeches, is not working for William H. English, not a bit of it. In fact he has said quite plainly that Mr. English might go to one to a very great extent, and it was only after he had been here some time that he was eventually introduced to Mr. English by a stranger. Although he came by special request of Mr. English, that gentleman, he says, has never invited him to his house, and has never even asked him to take a glass of wine with him. General Stocum says that every gentleman who has come to Indiana has been disgusted with the way Mr. English has of treating strangers, and that if one of them has been offered more than two fingers of his right hand he has not heard of it. "My opinion of Mr. English," he adds, "is that he is a d—d hog, and I would not stay in Indiana a day if it were not for Hancock."

The Indiana Canvass.

INDIANAPOLIS, October 2.—In an interview with Senator Dorey and John C. New this evening, each declared his belief that Indianapolis will give Porter 10,000 plurality. Said Senator Dorey: "I was never more amused in my life than when I saw Mr. English's list of treating strangers, and that if one of them has been offered more than two fingers of his right hand he has not heard of it. 'My opinion of Mr. English,' he adds, 'is that he is a d—d hog, and I would not stay in Indiana a day if it were not for Hancock.'"

Grant to Visit Hartford.

HARTFORD, October 4.—General Grant writes to General Hawley that he will visit Hartford after Boston, probably on the 13th or 14th. Arrangements will be made for a great meeting here on the occasion of the visit.

The Horse Disease Moving West.

CINCINNATI, October 4.—The horses in this city are beginning to show symptoms of the epidemic. As yet the indications are of a mild form of the disease.

A RINGING REPLY.

What a Leading Manufacturer and Business Man of Ohio Thinks of the Mission—Mr. C. Aultman's Reply to the Missionary.

MASONVILLE, O., October 3.—A few days ago a citizen of Masonville, Mr. P. G. Albright, received a letter from a friend in Allenport, Pa., asking if it were true that the Aultman interests at Akron and Canton had gone over to the Democracy, and that Mr. Aultman was openly working for Hancock. The letter stated that such report was in general circulation in that section, and was being used by the Democrats for campaign purposes. Mr. Albright replied to the same: "That the firm of C. Aultman & Co., of Canton, O., and Aultman, Miller & Co., of Akron, O., and their employees, had gone over to the Hancock ticket, and that C. Aultman was taking an active interest in the Hancock campaign."

CASTON, O., September 25, 1880. W. F. Ricks, Esq.: I have just received yours of the 24th inst., calling my attention to the following statement, which you say is being generally circulated, and requesting me to reply to the same: "That the firm of C. Aultman & Co., of Canton, O., and Aultman, Miller & Co., of Akron, O., and their employees, had gone over to the Hancock ticket, and that C. Aultman was taking an active interest in the Hancock campaign."

In answer to the above, I beg to say that the stockholders of C. Aultman & Co., of Canton, and Aultman, Miller & Co., of Akron, with I believe, two exceptions, are all earnest Republicans, and greatly interested in the success of the Republican ticket this year. About the employees, I can only say that, in my judgment, Arthur, their manager, is a Republican. As for myself, I can assure you that I have always been a Republican, and could not think of deserting a party which took this country with a Treasury, bank, and the Union broken in fragments from the hands of the Democratic party on the 4th of March, 1861, and has given us both a restored Union and unparalleled credit. I cannot leave a party which has given me the same result, and which I so much to encourage the growth and development of American manufactures, and protect the laboring man against the low wages of his foreign rivals; which has given us gold, silver and paper money, everywhere equal, and in abundance for the business of the country, all of which has resulted in unexampled prosperity everywhere. Under no circumstances, if it were within my control, would I consent to a change. Times have changed, and the business administration of the country, and if a change is to occur, I cannot forget that such change means a restoration in this country of the same party which in 1861 sought to overthrow the Union and has always retarded the growth of our manufactures by its free trade doctrines. I never in my life was so much interested in the success of the Republican party, except at Mr. Lincoln's second election, as now. It was for me for the lengthly reply.

More Vandals in the South.

PANAMA, September 25.—The only item of interest in war matters by the present mail from the South is the occupation of Ombala, on the 10th inst., by Chinese under command of Capt. Patrick Lynch. The force, about 8,000 men and 200 horses, was landed without resistance. It is said that Lynch has telegraphed to Lima demanding \$100,000 in gold as a contribution, adding that if the sum be not forthcoming all the valuable sugar machinery and the whole place will be destroyed.

The Cape Cod Disturbances.

LONDON, October 4.—There is unfavorable news from Basotland. A regular war has broken out and the Cape government has called out 3,000 riflemen. Basutos, numbering 7,000, have been vigorously attacking the Cape forces, and fight will continue for some time. The Basuto war—the latest outcome of his policy—must, however, depress the rejoicings.

CABLE CLIPS.

The steamer Canopus got afloat Saturday night. At Havana there were seventy-eight deaths from yellow fever in September. A Rome correspondent hears authoritatively that it is hoped General Garibaldi will listen to reason. The Government of China has sanctioned the building of five government schools at Hong Kong.

Leaders of the opposition in the Greek Parliament decided to support the national armament.

The Jews expelled from France have bought an old prison in Wales for \$100,000, which will be the second of their establishments in that country. Mr. Lowell, the American Minister at London, will deliver a course of lectures before the Edinburgh Philosophical Institute on the 5th of November.

The North Germany Gazette says:

The reproaches directed against Germany for placing difficulties in the way of the settlement of Roumania succession, have no foundation whatever. A Candahar dispatch says: The female relatives of Abdurrahman Khan have been refused permission to go to Cabul. The Amir is about to send there Ali's brother to Candahar as Governor.

Colorado Election.

DENVER, Col., October 4.—It seems to be the impression in the East that the Colorado election is to occur to-morrow, but under the new constitution it is held November 2. The Republicans claim the State by 3,000 to 5,000. The Democrats concede this on the Governor, but claim the election of their national and balance of the State ticket by small majorities. They claim that the emigration has been so largely Democratic as to overcome former Republican majorities.

BOATING IN ENGLAND.

THOMAS WINN EASILY, while Cannon shows fatigue—A very Mellow Affair. LONDON, October 4.—The race between Joe Cannon and Harry Thomas for £100 a side and a belt worth one hundred and eighty pounds, was rowed this afternoon over the Thames championship course, four miles and a quarter. The race was a very hotly contested. Thomas was five lengths ahead at Hammersmith bridge, one mile and three-quarters from the start. Shortly after the start Cannon got on a level with Thomas, but was utterly exhausted by the effort, and after great fatigue, Thomas won by several lengths, rowing the last part very easily. Time to Hammersmith bridge 9 minutes and 48 seconds, and 24 minutes and 21 seconds for the whole distance. The weather was very cold and rain fell during the race. Hanlon and Trickett witnessed the contest.

Japanese Settlings.

YOKAHAMA, September 19.—The depreciation in paper currency has induced the government to consider the expediency of making a foreign loan for the purpose of restoring the paper. It is stated that \$20,000,000 will be asked for, but this is hardly probable as the natural resources of the government and its good name will aid in retiring the paper.

The Rate of Candahar Sealed.

LONDON, October 4.—The Daily News has stated that the Government has decided to abandon Candahar, and that it is only a question of time when the step will be taken. This is premature. The Government hoped to be able to abandon Candahar, but to do so now would be to leave the city a prey to anarchy, as there is no one to turn it over to, the Amir being as yet too feeble. The National party is reorganizing at Farrah, where Ayob has appeared. Ayob is a Governor, in order to harass the British. Such tactics must prolong the stay of the British troops. The Government has been urged by the Viceroy's Council to retain control over the city, and, though Gen. Wolseley and Lord Alby prefer the line of Kandahar, the Government are bound for the present to maintain their occupation. A garrison of 10,000 men is making preparations to remain for the winter at the city.

Chinese Chin Chin.

HONG KONG, September 9.—It is stated that there are nearly 100,000 troops at Tientsin under command of Liang Chang. Admiral Leflonk, newly appointed commander of the Russian fleet in China and Japan, arrived in Shanghai by a French mail steamer, on the 3d inst. Mr. Morgan, United States Consul at Tientsin, arrived there and took charge of the consulate on the 1st inst. United States Minister Angell left Peking for Chefoo on the 31st of August. He will join the commissioners at the latter place and then return to Peking.

Pernicious Parnell.

LONDON, October 4.—The Times in an editorial says: Wherever Parnell and his fellow agitators go they leave the country in a flame behind them. Deeds of lawlessness and violence are done which they have not suggested in express terms, but which are in full accordance with the spirit of the man who is the cause of all this anarchy and which they scarcely even pretend to disapprove afterwards. The Land League has extended its organization to Great Britain.

The Festival of 1882.

CINCINNATI, October 4.—The Musical Festival for May, 1882, was fairly organized to-night, by the annual meetings of the Festival Association and by the first meeting of the Chorus Association. The present board was re-elected, except Messrs. Mitchell and Hatch, who retired, and W. W. Taylor and John Church were chosen in their places. Six hundred persons attended the meeting of the Chorus, and that body was organized and received its first lesson by Theodore Thomas.

The Republicans here Monday, all day, were feeling and acting exactly like the day after an election when their party had been successful. And they counted their gains too. A number of names are authoritatively mentioned, and the veteran J. G. Jennings contributed to the success of the Saturday night's parade.

The Opening of Congress—Other General News.

CITY OF MEXICO, September 21.—Congress opened the 15th, and referred the disturbing question of double credentials to the proper District Judges for decision. President Diaz, in his opening speech, expressed great satisfaction at the political and moral advancement of the Republic. He said the regulations for the advance of diplomatic relations with France had been satisfactorily. He did not specially mention the United States. The President expressed the hope that the present Congress would find a solution for the financial difficulties of the Government and place the National credit on a sound basis. LIFE'S SAD SIDE.

CHRONICLE OF CRIMES AND CALAMITIES.

A Jefferson County Man Kills His Brother—Bad Family Quarrels—Serious Accidents Near and Far—Murders by Western Savages, &c.

AN OHIO FRATRICIDE.

A Jefferson County Man Kills His Brother—Railroad Accident. STEUBENVILLE, October 4. Special dispatch to the Intelligencer. Particulars of a murder reached us from Elliptoville, Knox township, this county, but they are so slight that we cannot throw much light on the matter to the outside world. It appears that Daniel and John Collins, two brothers, residing on adjoining farms, both well-to-do old farmers with families, have not been getting along very peacefully of late, and this morning their difficulties terminated in a row, in which Daniel was slain.

STABBED TO THE HEART.

with a pocket knife by his brother. The quarrel was caused by a dock of turkeys belonging to one of the brothers getting into the fields of the other brother. The murderer offered to give himself up but by the time the Squire was found charged with the murder, and left the country. Corner Sheriff Marshall Cahill and Officer Kells left the city this afternoon for the scene of the murder.

AN ACCIDENT.

occurred on the Panhandle at Alexander Roads, two freight trains running into each other, smashing seven flat cars and somewhat disabling the engines. No one was hurt in any way. Passenger trains were delayed about three hours. ALTON.

ANOTHER ACCOUNT.

Full Particulars of the Crime—Result of an Old Grudge—Self Defense Alleged. SLOAN'S STATON, October 4. Special to the Intelligencer. A fatal quarrel was brought about by the revival of an old grudge, existing between Daniel and John Collins, living one mile above here. The former was cut with a knife, in the hands of the latter, in the left breast, and a post mortem examination, held by Drs. Groover and Collins, of this place, revealed the fact of the knife having penetrated the heart, causing immediate death. The murderer is now in the custody of the police. He made no effort to escape.

LATER—THE MURDERER IN JAIL AT STEUBENVILLE.

Special Dispatch to the Intelligencer. STEUBENVILLE, O., October 4.—Daniel Collins, who murdered his brother John today, was brought to the city this evening in a wagon. The quarrel originated about a rooster, grew very warm and ended by John being stabbed. The murderer presents a very ugly appearance, having a gash on the right side of his head, the skin off on his left cheek and a very black eye. It is claimed the killing was done in self defense. The people who know both men represent Daniel as a quiet, modest, unassuming man, while the murdered one is represented as directly the opposite. The prisoner was committed to jail for a hearing Wednesday afternoon next.
